* means course appears more than once

() means course credit not counted

Due to the transition to a new college administrative system, the current term grades are displayed separately on the next page. The cumulative GPA for the Spring 2007-2008 Semester includes the prior terms above. However, the total hours earned may not be correct as we are still entering transfer credit which was not part of the conversion.

The complete unofficial transcript will be available this fall when the new my.gordon.edu comes online. If you need an official copy of your transcript please contact the Registrar's office.
